Forwards a revised proposition statement for additional RSH + list of equipment required for the P.R.T. Sanatorium, Mysore.

1) Kind reference is invited to letter no. 9.14.125 requesting the Senior Surgeon to submit revised proposals limiting ^{the expenditure} to the provision made in the budget for 1930-31. He ~~has~~ now proposed an additional RSH involving an increased expenditure of Rs. 2412/- over that provided in the budget. i.e. The present proposal Rs. 4212-0

Budget provision " 1,800-0.

Excess " 2,412-0

2) His proposal for equipment also involves an excess of Rs. 1,801/-

3) The total amount for both these items, required is Rs. 4213/- which has to be sanctioned by an additional grant.

4) The S.S. also points out that against this increased expenditure, ~~there~~ is the probable increase in receipts on account of additional beds will be Rs. 4,000/-

5) Fine Sess has to be considered.

12) In view of the assurance given by the Senior Surgeon that there will be improvement in receipts owing to the increase of in-patient accommodation, his proposals may be sanctioned with the following modifications

13) Nurses — The number may be raised to 4, instead of 6 as proposed

Male warders — Five may be sanctioned, as against 7 proposed

14) These changes will reduce the recurring cost by about Rs 110 per month

15) As regards equipment, the S.S. proposals which are said to cover the minimum requirements have perhaps to be accepted

17)

A sum of Rs 1800/- is provided for Adm. Estab. on account of P. H. T. S. in the Budget p. 30-31 (Vide para 127 of the Budget) while for equipment, the provision stands at Rs 2500/-. The reduction proposed of the nurse proposed by 2 still leaves a sum of Rs (2472 - 1320) or Rs 1092 unaccounted for the year.

And as it is stated that no source is available for meeting the expenditure, the proposals modified if so are involve an addition of Rs 109.2 to the present Budget level of recurring expenditure and another sum of Rs 1800/- non-recurring for extra grant on this account will have to be allowed. But if the estimated increase in receipts materialize, the extra expenditure will be more than covered. As Hospital Receipts under VII Medical have been taken in the Budget at Rs 37000 as compared with the Revised ³⁰⁻³¹ (29-30) of Rs 37,500, perhaps it is fair to assume that these anticipated enhanced receipts have not been allowed in the Budget Estimates for 30-31.

If the expenditure is sanctioned, an extra demand will have to be placed before the next L.C. Session.

And
6.9.30

15) I am agreeable with the Chief Secy's modified proposals. I would however suggest that if the anticipations as regards extra receipts do not materialize, the staff should be capable of reduction. It is for consideration if the additional staff now being sanctioned may not be placed on the temporary basis for 2 years.

Chief Secretary to the Government of His Highness

To
CHIEF SECRETARY
11 AUG. 1930
SIR,

With reference to your letter No. G. 14135/ Med. 155-29-3 dated the 2nd June 1930, I have the honor to forward herewith a revised proposition statement for the additional establishment required on account of opening of the Narayanaswamy Wards at the Princess Krishna-jammanni Tuberculosis Sanatorium, Mysore, and to state as follows:-

1. The additional sum necessary cannot consistently, with considerations of efficiency, be restricted to Rs. 1,800/-. The number of beds which at present is 31 will be raised to 55 and the volume of work will increase proportionately in all directions. I have carefully considered the requirements and feel that additional staff as explained below will be absolutely necessary.

- (a) The number of nurses should be raised from 2 to 6. One has to be detailed exclusively for work in the Operation Theatre and the remaining 5 will be required for work in the wards computed at one nurse for 11 beds. Unlike other hospitals, the accommodation in the Sanatorium is spread out, and it is not as if the nurse in charge could give her attention to several patients in quick succession as in the more compact wards of a General Hospital. A similar reason applies to the proposed increase in the number of Warders by 4 and Thoties by 2 and Dhobies by 1.
- (b) The increase in the number of beds entails increase of scriptorial work relating to distribution of Diets maintaining

maintaining accounts and attending to the usual correspondence. An additional clerk on Rs. 25/- is, therefore, provided.

(c) The number of cooks may be increased from 2 to 4. The one vegetarian and the other non-vegetarian cook employed at present cannot be expected to be present on duty always. Moreover, if one absents himself on account of illness or other cause, the dieting will be hampered. Besides, the work would ordinarily be too heavy for two men.

(d) The work in the X-Ray Department and Laboratory is of great importance in an Institution like the Sanatorium. A full time attendant for each is necessary.

2. In addition to the above, a small increase of pay is provided to the present staff in consideration of the fact that the Sanatorium is far away from the City.

I may point out that by increasing the number of beds, the income from fees will very nearly be doubled, as can be seen from the statement appended. Against the income of Rs. 4,592-4-0 for 1929-30, a sum of Rs. 8,500/- is expected to be collected during 1930-31. Thus the receipts will cover the additional expenditure proposed.

In these circumstances, I request that early sanction of Government may kindly be obtained (i) ~~the~~ the proposition statement and (ii) ~~list~~ list of equipment, which represent just the minimum requirements.

In this connection, I may also state that when Mr. Banumiah's Ward for 20 patients is opened, all that will be required over and above the additional staff now proposed, will be only two nurses and two Ward attendants.

The additional cost involved in the present proposal Viz., Rs. 2,412/- and 1,801/- over that provided in the Budget for 1930-31 may be sanctioned as an additional grant as it is not possible to

point out

point out a source for meeting this expenditure from any other sanctioned heads.

Correspondence ending with letter No.C.2387-19, dated the 11th August 1930, from the Senior Surgeon in Mysore, submitting for sanction of Government, a revised proposition statement for the additional establishment and a list of equipment, required on account of the opening of the Narayanaswami Wards at the Princess Krishnammanni Tuberculosis Sanatorium, Mysore.

Order No.G.

3798-9/24/2

Dated, Bangalore, 4th October 1930.

The Senior Surgeon's proposals for the revision of the establishment involve an additional expenditure of Rs.2,412 per annum. Against this increase, he says that there will be appreciable improvement in receipts owing to the increase of in-patient accommodation. In view of this assurance, Government are pleased to -- sanction his proposals tentatively for a period of 2 years, with the modification that the number of nurses will be raised to 4 and of male warders to 5 instead of 6 and 7 respectively, as proposed. The net increase will therefore be Rs.241 per-month as against Rs.351/- proposed by the Senior Surgeon. A statement showing the sanctioned scale is appended to this -- order.

DEAR Mr. Madhava Rao,

I enclose for your information a copy of a D.O. letter No. 849 dated the 4th Instant received from Sir Charles Todhunter, on the subject of opening Mr. Banumiah's Ward in the Princess Krishnammanni Sanatorium. I request you, under the circumstances, to kindly obtain very early sanction of Government to the proposals submitted in my letter No C.2387-45, dated the 22nd December 1930. 4472

As regards the information called for in your letter No. G. 8040 Med. 55-30-7, dated the 29th January 1930, I am awaiting a report from the Medical Officer, Princess Krishnammanni Sanatorium, Mysore. I have also sent a reminder to-day.

Yours sincerely,

from the Private Secretary to His Highness the Maharaja
of Mysore addressed to the Senior Surgeon with the Govt
of His Highness the Maharaja of Mysore, Bangalore.

I am desired by His Highness the Maharaja to ask
by what date you expect to be able to open the new ward
endowed by Dharmaprakasa D. Banumaiya at the Tuberculosis
Sanatorium, for patients. It is hoped that it will not
take so long to complete the equipment as was the case
in relation to the ward endowed by Mr. Munivenkatappa,
which was opened a fortnight ago, many months after the
building was completed.

4 SEP 1931

In continuation of my letter No. C. 2387-54, dated the 5th Instant, regarding the early opening of Mr. Banumiah's Ward in the Princess Krishnammanni Sanatorium, Mysore, I have the honour to furnish below the necessary information, on all the points noted in your letter No. G.8040-Med.55-30-7, dated the 29th January 1931.

1. The construction ^{of} this ward is reported to be completed, but the Sanitary Fittings and Electric Lights have ~~not~~ yet to be provided. I understand the work will be taken up and completed in the course of this month.

2. It is very desirable that this ward should be opened as early as possible and this can be done only after the fittings are provided.

3. The equipment already sanctioned will not suffice for this new ward. The sanctioned equipment was only for 24 beds in the Narayanaswamy Ward, and did not include this ward.

4. Only 5 beds are vacant in the Narayanaswamy Ward, which is, by the way, meant only for women patients.

5. There are at present 40 cases, awaiting admission on the male side.

Under the circumstances; I request you to kindly obtain early sanction of Government for the additional Establishment and equipment for the opening of this ward.

I have the honour to be,

Sir,

Your most obedient servant

S. Subbarao
Senior Surgeon.
